

In 1833 Forestville became the largest and most independent of all localities within Bristol. The pride and uniqueness that existed then is still alive today in the Forestville Village Association. Our vision is to encourage residents and businesses to become active in the village by promoting events, supporting initiatives that maintain the natural and architectural beauty of the village. That is the primary goal of FVA and its members.

If you are a member, **THANK YOU!** We can take pride in our accomplishments to date; Gateway Sign, Holiday Decorations, Christmas Carol Sing, Scarecrow Contest, Summer Concert, Duck Race, various beautification projects with our prime beautification project; Forestville Central Square.

As a member of FVA, there are no requirements to attend meetings or participate in events. However, there is something to be said for “strength in numbers” in any organization. You always get more done with active members and they are very important to the FVA. Our membership drive runs annually, October-December. Membership is for the following year, January – December. Please consider becoming a member. If you are a current member, hopefully you will renew your membership. Our members are the only reason the FVA has become a respected organization in our city and accomplished so much since its beginnings in 2002.

Complete this form and mail back. Thanks
